

Open a **7 day Notice Deposit** from FNB and be ready to take on life's opportunities.

It's an investment account with no maturity date, giving you **access to your money in 7 days while earning great returns.**

Give us just 7 days' notice and you can withdraw any or all of your invested funds to spend on something that can't wait. You can only make one withdrawal at a time but can add funds electronically whenever you like.

How it works:

A minimum balance of N\$50 000 is required to open the account. The investment period is indefinite and no transactional fees are applicable.

You get great rates:

Interest rates are tiered based on the amount invested. To reward you for keeping your money invested over a longer term, we increase the interest rate after 32 days and again after 64 days.

You can choose to have the interest added back into your investment or paid out into another FNB transactional or investment account. We calculate the interest based on your daily balance and pay it monthly.

Call (+264) 61 299 2222 or visit www.fnbnamibia.com.na for more information.

Terms and conditions apply.

how can we
help you?

be ready to
make the most
out of life.

The rare Sandhof lily only blooms after heavy rains. To experience such a phenomenon **you need to act quickly** – like you can if you're invested in a 7 day Notice Deposit from FNB.
