

Ashburton Namibia Balanced Fund

Fund Fact Sheet as at 30 April 2026

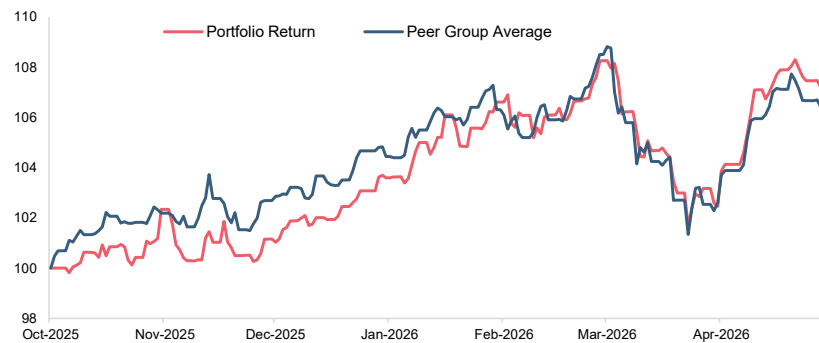

Investment Objectives and Strategy

The Ashburton Namibia Balanced Fund's objective is to generate long-term, inflation-beating returns. It invests across a wide range of domestic (CMA) and international asset classes which include equities, bonds, property shares, money market instruments and commodities. The fund's equity allocation is capped at 75%, with an overall offshore exposure limited to 40%. The primary objective is to provide investors with a diversified mix of capital growth and income over the medium-to-long term (4 years+), with a moderate level of volatility relative to pure equity funds. The fund targets a total returns consistent with other Namibian multi-asset balanced funds in the NASIA multi-asset (high-equity) category.

Investor Profile

This fund is suited for investors with an investment time horizon of longer than four years, seeking a mix of growth and income with moderate risk to achieve medium to long-term capital growth and who are comfortable with fluctuations in value in pursuit of higher long-term returns.

Performance since Inception

Performance is calculated net of a portfolio management fee. Varying market conditions, timing of portfolio changes and the level of client discretion may result in some variance between actual and model portfolio performance.

Disclaimer and fees

Collective Investment Schemes in Securities (unit trusts) are generally medium to long term investments. The value of participatory interests (units) may go down as well as up and past performance is not necessarily a guide to the future. Unit Trust prices are calculated on a net asset value basis, which is the total capital value invested including any income accrual and less any permissible deductions from the portfolio divided by the number of units in issue. Income accruals are made daily and paid out bi-annually. Purchase and repurchase requests must be received by the manager by 14:00 on each business day. Permissible deductions may include management fees, brokerage, NAMFISA levies, bank charges, trustee fees, and RSC levies. A detailed schedule of fees and charges is available on request from Ashburton Unit Trust Management Company Ltd (89/485). Where applicable, commissions and incentives may be paid and are included in the total cost.
